About Tom

Tom O'Loughlin has been in the fire and security industry since 1983 and is the managing director of ADAM Security. Tom began his career as a field technician and left Ireland in the early nineties to further his skills as a fire and security technician. He broadened his skills in Germany, Central America and by also learning the German and Spanish language.

On returning to Ireland he started ADAM Security with a focus on delivering unbeatable value and service to customers. Tom's expertise is in building customer relationships by delivering an honest quality. He has been involved in securing a wide range of contracts with his approach.

Specialist Areas of Expertise:

- Security Consultancy
- CCTV
- Fire Prevention,
- Commercial Alarms Installations and Design
- Secure Monitoring
- Protection from burglary
- Theft and Robbery
- Panic Alarms and Access Control

ABOUT ADAM SECURITY

At ADAM Security we can design, install, maintain and monitor a tailor made system to suit your individual needs. This can include a new Security or CCTV system, Access control or Automation, Perimeter Protection or Emergency Lighting and Fire Alarm or Fire Suppression.

We can combine a range of services to suit your changing needs insuring all your legislative and security requirements are met.

We provide a start to finish solution for all our services. This incorporates design, installation, integration, monitor, maintaining and optimising all our systems. This ensures maximum efficiency and conformity as well as providing a 24 hour callout facility. We can also adopt existing systems, maintain, monitor and provide advice on recommended updates and implement an upgraded strategy on older systems.

Alarms

Using the latest sensors and alarm technology we can design a system that suits you at a price that can't be beaten

CCTV

Virtual guards vs. traditional human security guards. The cost savings are substantial and a virtual guard is 100% dependable

Fire And Safety

We can install a fire alarm system to suit your requirements that will satisfy all of the latest legal requirements and provide long lasting service

Access Control

Using the latest range of door control systems we can design a system to give you full control of access throughout your building

Monitoring

We offer 24 hour alarm monitoring services combined with a range of sophisticated business management systems

Maintenance

We will work with you to decide upon and provide you with a tailor made maintenance plan to suit your exact needs

ADAM SECURITY TESTIMONIALS

ASGHAR BHUTT – VIBE ACCESSORIES

I am writing to both endorse and recommend you as a provider of Security Systems to any organisation looking for innovative security and value for money, your team are professional and the after care service is second to none

JACKIE BEDFORD – SWISSPORT, DUBLIN

The service is top quality – from initial request for information and proposal to the installation. You are active listeners, understanding of our requirements and able to improvise when required. Perfect!

MARK STURDY OF GOLF GLIDER

Efficient and Reliable, I recommend Tom and his team to anyone interested in value for money and peace of mind

KEVIN KIERNAN OF KIERNAN TEXACO AND SPAR, DUBLIN

We found it so refreshing to deal with such a dependable company that actually do what they say when they say and follow through on each item to completion.

DAVID LYNCH OF THORNTON & PARTNERS LOSS ADJUSTERS

Efficient, reliable, punctual and friendly. What more could someone want from their security provider.
